

DOMAINE JACQUES PRIEUR

Chambertin Grand Cru 2007

2007 as opposed to 2005, when it was easy to grow ripe grapes, 2007 was an early-maturing year that called for a great deal of meticulous work in the vineyard.

It was necessary to be vigilant on all fronts in 2007, and those growers who did not keep close watch over their vines and correctly practise leaf thinning encountered difficulties. In May, vine growth was a month ahead of average but, by September, there was a major discrepancy between ripeness in the red and white grapes. Pinot Noir was fully ready to pick in late August, whereas Chardonnay needed more time. This was a "year of the winemaker", where making the right decisions was of paramount importance.

The red wines are delicious, with silky tannin.
