

DOMAINE JACQUES PRIEUR

Chevalier-Montrachet Grand Cru 2016

Vintage 2016
26th-28th April: Devastating frost episode!

After a very mild winter and a warm spring weather in the second half of April, the bud break was advanced but the frost with high level of humidity at the end of the month destroyed the parcels with the best exposition. After the frost the vine was developing slowly. Acceleration in growth and the maturity of grapes were possible thanks to very warm and dry summer, with ripening that started quickly by mid-August. The harvest started on 20th September and the sanitary condition of the vineyard was perfect.
