

DOMAINE JACQUES PRIEUR

Corton-Charlemagne Grand Cru 2023

Vintage 2022

"Warmest year since the beginning of the 20th century. Strong vine resilience"

Despite a water deficit that began to be felt at the end of winter and high temperatures from May onwards, the vines developed very rapidly and by May 26, flowering was complete. 2022 reached the same level of earliness as 2020 at this stage.

Rainfall in June (120 mm on average) compensated for some of the lack of water, and the hot summer did not block the vine cycle.

Veraison was completed around August 15/20, and the few millimetres (20 mm) of rainfall in mid-August helped the grapes reach full ripeness.

Harvesting began on 29 August.

GRAPE VARIETY & PLOT SIZE

Grape variety : 100% Chardonnay on a 0,22 hectare plot

TERROIR

Situated on the hill where the Grands Crus of Corton are located. Facing due east, the vineyard overlooks the village of Ladoix-Serrigny and goes up to the edge of the forest. The vineyard is steep and very chalky, which confers an intense mineral quality.

Whole bunches of grapes were handpicked into small crates and pressed in a pneumatic winepress. The juice was cold settled after pressing for 36 hours under temperature-controlled conditions. Alcoholic fermentation and ageing took place entirely in oak barrels. 100% malolactic fermentation
