

# DOMAINE JACQUES PRIEUR

## Musigny Grand Cru 2008

2008- a miracle vintage!

The winter of 2007-2008 was relatively mild, dry, and sunny. Spring and summer 2008 were exceptionally cool and rainy.

Further to these weather conditions, bud break was quick, but later than usual, and flowering was spread out over the entire month of June. The grapes ripened very slowly during the month of August. It was necessary to be very demanding and meticulous during all vineyard operations.

Thanks to beautiful cool, dry, sunny weather, the grapes ripened very well all the end of the growing season. The north wind and luminosity were two major factors here. The grapes were carefully sorted in the vineyard at harvest time, which began on the 25th of September.

The quality of the 2008 red wines and the very small crop called for severe sorting (both in the vineyard and on a sorting table in the cellar) and for fermentation that respected the balance of Pinot Noir: wine that is fresh with crunchy fruit and a vibrant, thirst-quenching, pleasurable flavour that is the hallmark of 2008 red Burgundy.

As for the white wines, they feature outstanding richness and powerful aromatics, as well as magnificent balance, which was completely unexpected.

### GRAPE VARIETY & PLOT SIZE

Grape variety: 100% Pinot Noir on a 0.77 hectare plot

### TERROIR

This is one of the greatest terroirs in the Côte de Nuits. The vineyard is located on a fault overlooking the Clos Vougeot and bordering on the Combe d'Orveau. Le Musigny has south-east facing sun exposure and a unique, sunny microclimate.

The thin, light soil has a high proportion of stones that not only guarantee good drainage, but also store heat in the daytime and release it at night.

The grapes are always very ripe and produce a velvety nectar with lovely floral (violet) aromas and an impressively long aftertaste.

### VINIFICATION & AGEING

The grapes were handpicked into small crates, then sorted and totally destemmed. The wine stayed on the skins for 19 days in temperature-controlled open oak vats. Pigeage (punching down the cap) was done twice a day during alcoholic fermentation.

100% malolactic fermentation

The wine was aged entirely in new oak barrels.

Duration of barrel ageing: 17 months

### TASTING NOTES

Tasted in April 2010

COLOUR: Dark reddish-black with intense purplish highlights

NOSE: Very classy with floral, liquorice and slightly peppery aromas.

PALATE: Magnificent, with a satin texture. Spicy, toasty, and fruity (black fruit, cherry, blackcurrant) flavours. Dense, refined tannin. Exceptionally long aftertaste.
